HIRING INTERNS REAPS REWARDS

By partnering with Rainier Scholars, your organization makes a commitment to workplace diversity and invests in tomorrow's leaders. Internships provide an opportunity to have a direct and meaningful impact as a mentor to our scholars.

Our scholars' study and practice leadership, enabling them to offer high self-efficacy and discipline. They bring new perspectives to their jobs and enhance the level of creativity and innovation within an organization. They demonstrate their ability to work hard, take responsibility and be team players.

OUR INTERNSHIP PROCESS IS DESIGNED WITH YOU IN MIND:

- Applicant screening to ensure quality service - 90% of interns receive mentor scores of 8 or higher on 10-point scale
- Proven experience, having facilitated over 700 internships in the past 11 years
- The best intern match without any placement fees

Our partners provide quality internships that enable both high school and college scholars to explore various career paths, network with professionals and build resumes based on relevant experience. We are committed to working with a wide range of partners that represent the diverse interests of our scholars.
